TPT
INTERNATIONAL
SCHOOL

MORE SUCCESS FOR MORE STUDENTS

TPT International School is a digital middle and high school registered with the Florida Department of Education. Our premium curriculum is designed with an approach focused on the formation of the new generations through accredited courses built to standards to meet strict high school graduation requirements.

Students acquire high-quality knowledge, obtain a high school diploma from the United States, and apply to worldwide universities. It also allows high school athletes to apply to US colleges within the NCAA and NAIA networks.

Our customized courses meet the needs of each student that have the flexibility to study from anywhere in the world and anytime at their individual pace.

We are proud to teach students from across the globe with diverse goals and aspirations. Many students whose goals require a strict commitment to their art, sport, or career, choose TPT for its flexibility.

RIGOROUS YET ENGAGING CURRICULUM

TPT International School offers students a program that provides a standards-based digital curriculum in math, science, English, social studies, world languages, and Advanced Placement (AP®) and is widely used for original credit, credit recovery, remediation, intervention, acceleration, and exam preparation. Our rigorous courses meet middle and high school requirements.

EDUCATIONAL QUALITY SUPPORTED BY PRESTIGIOUS INSTITUTIONS

TPT International School is accredited by Cognia, one of the leading international educational accreditation organizations, recognized for its high standards and focus on continuous improvement. This accreditation ensures that our academic programs meet rigorous global criteria and reflect our commitment to excellence in teaching, learning, and institutional practices.

In addition to Cognia accreditation, TPT International School is recognized by the NCAA (National Collegiate Athletic Association) and the NAIA (National Association of Intercollegiate Athletics).

This means that our courses and academic structure meet the eligibility requirements for student-athletes who wish to compete in college sports in the United States. These accreditations expand our students' opportunities to access universities, scholarships, and athletic recruitment processes.

These distinctions confirm our commitment to academic preparation, personal development, and future opportunities in both higher education and sports.

Diploma – High School Diploma Requirements

Core Academic Courses:

- English Language Arts: 4 credits
- Mathematics: 3 credits (including Algebra I, Geometry, and another higher-level math course)
- Science: 3 credits (including Biology, Chemistry, or Physical Science, and another Science course)
- Social Studies: 3 credits (including U.S. History, World History, Government, and Economics)

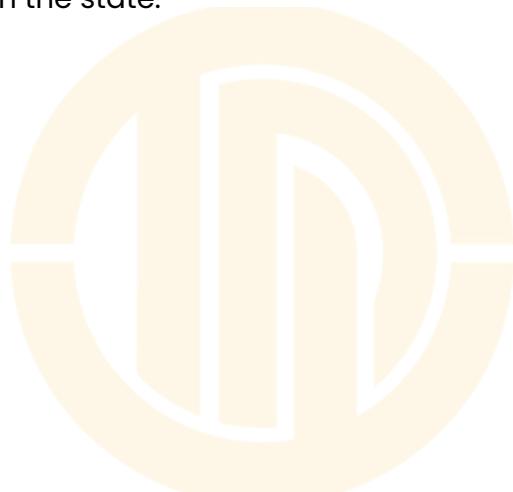

Electives:

- General Electives: 5-6 credits (this can include foreign language, fine arts, and other elective courses)
- Career and Technical Education (CTE) Courses: Optional, but often part of the elective credits

Additional Requirements:

- Physical Education: 1 credit
- Health Education: 0.5 credit

Total Credits Required: Typically around 22-24 credits, depending on the state.

NCAA AND NAIA ACCREDITED COURSES

At TPT International School, we are proud to offer a selection of NCAA and NAIA-approved courses, designed to meet the academic standards of these prestigious collegiate athletic associations in the United States. These courses are specifically tailored for student-athletes who wish to compete at the college level without compromising their academic performance.

For students aspiring to NCAA or NAIA university options, we offer the possibility of adding additional credits to the standard diploma to meet specific eligibility requirements. Our flexible and personalized approach allows students to build an academic plan that aligns with both their athletic and academic goals, maintaining a healthy balance between both areas.

Our curriculum provides a strong foundation in core subjects and is enhanced by adaptable scheduling, rigorous instruction, and the support needed for students to excel both in the classroom and on the field. This unique combination of academic excellence and athletic preparation opens doors to scholarships, recruitment opportunities, and admission to top-tier institutions in the U.S.

NCAA and NAIA Eligibility Requirements:

In addition to completing the College Preparatory Diploma, student-athletes must ensure they meet the NCAA's eligibility requirements, which include:

- **Core Course Requirements:** Student-athletes must complete a minimum number of NCAA-approved core courses in English, mathematics, science, social studies, and a foreign language.
- **Minimum GPA:** Student-athletes must maintain a minimum GPA as determined by the NCAA. This GPA is calculated based on the grades earned in NCAA-approved core courses.
- **Standardized Test Scores:** Student-athletes must achieve a minimum score on standardized tests such as the SAT or ACT. The NCAA uses a sliding scale to determine eligibility based on GPA and test scores.
- **Amateurism:** Student-athletes must maintain amateur status and adhere to NCAA rules regarding amateurism and eligibility.

NCAA Division I Core Course Requirements:

- English: 4 years
- Mathematics (Algebra I or higher): 3 years
- Natural/Physical Science (including one year of lab science): 2 years
- Additional English, Mathematics, or Natural/Physical Science: 1 year
- Social Science: 2 years
- Additional Courses (from any area above, foreign language, or comparative religion/philosophy): 4 years

NCAA Division II Core Course Requirements:

- English: 3 years
- Mathematics (Algebra I or higher): 2 years
- Natural/Physical Science (including one year of lab science): 2 years
- Additional English, Mathematics, or Natural/Physical Science: 3 years
- Social Science: 2 years
- Additional Courses (from any area above, foreign language, or comparative religion/philosophy): 4 years

Subject Breakdown by Grade Level:

Subject	Grade 9	Grade 10	Grade 11	Grade 12	Total Credits
English	English 9 (1 credit)	English 10 (1 credit)	English 11 (1 credit)	English 12 (1 credit)	4 credits
Mathematics	Algebra I (1 credit)	Geometry (1 credit)	Algebra II (1 credit)	Higher-level Math (1 credit)	4 credits
Science	Biology (1 credit)	Chemistry (1 credit)	Physics or Science Elective (1 credit)	Advanced Science Elective (1 credit)	4 credits
Social Studies	World History (1 credit)	U.S. History (1 credit)	Government (0.5 credit)	Economics (0.5 credit)	4 credits
Foreign Language	Foreign Language I (1 credit)	Foreign Language II (1 credit)	-	-	2 credits
Physical Education	Physical Education (0.5 credit)	Physical Education (0.5 credit)	-	-	1 credit
Health Education	Health Education (0.5 credit)	-	-	-	0.5 credit
Electives	Elective (1 credit)	Elective (1 credit)	Elective (1 credit)	Elective (1 credit)	4 credits
Total Credits	6 credits	6 credits	6.5 credits	5.5 credits	24 credits

COURSE CATALOGUE

Here are the courses offered at TPT International School, tailored to meet the needs of our diverse student body. From NCAA and NAIA-accredited courses to foundational subjects, we provide a flexible and engaging curriculum that supports both academic achievement and personal development. Explore our course offerings to find the perfect fit for your academic and career goals!

TECHNOLOGY COURSES

Technology Courses for Grades 9 - 12

Technology and STEM Courses

At TPT International School, students have the opportunity to explore a wide range of STEM and technology-related courses that prepare them for the modern, tech-driven world. Our curriculum provides hands-on experience with cutting-edge tools and software, giving students the skills needed to excel in fields such as information technology, digital media, and emerging technologies like drones.

Featured Technology and STEM Courses:

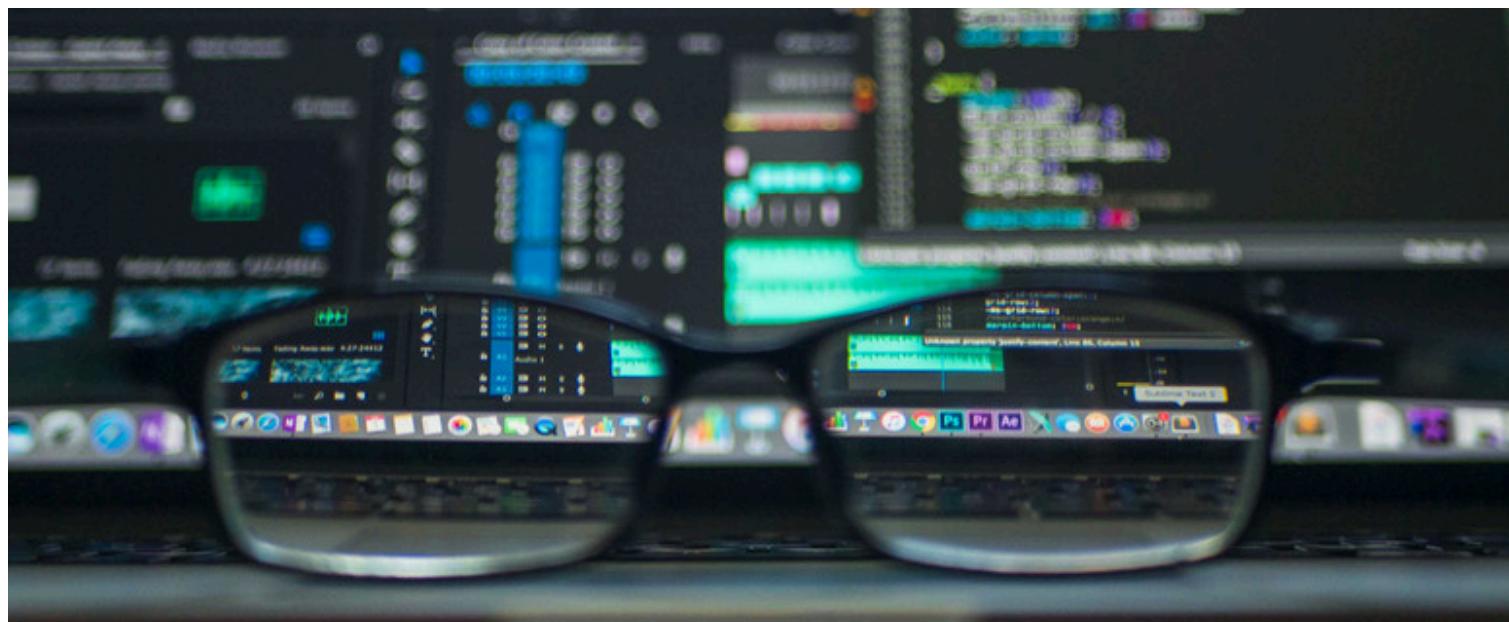

Information Technology Fundamentals: This course introduces students to the basics of IT systems, networking, and hardware. Students will develop a strong understanding of how modern technology functions and the skills necessary to troubleshoot, repair, and manage IT infrastructure.

Drone Technology and Applications: In this exciting course, students will explore the rapidly growing field of drone technology. They will learn about the mechanics, applications, and regulations related to drones, with hands-on opportunities to operate and program drones for real-world use cases.

Digital Media and Graphic Design: Students will dive into the world of digital media creation, learning how to use industry-standard tools such as Adobe Illustrator, InDesign, and Photoshop. This course helps students develop skills in graphic design, digital content creation, and layout, preparing them for careers in creative fields.

Introduction to STEM and Robotics: This course covers the fundamentals of STEM (Science, Technology, Engineering, and Mathematics) with a focus on robotics and programming. Students will engage in hands-on projects that build problem-solving and engineering skills while learning the basics of coding and robotics design.

By enrolling in our STEM and technology courses, students gain access to practical, real-world skills that are critical in today's evolving industries. Whether you're interested in IT, graphic design, or drone technology, TPT International School ensures students are equipped for the future of innovation.

Additional Academic Pathways – TPT International School

TPT International School also provides additional options for students who wish to expand their academic recognition and access greater university opportunities.

Gap Year Academic Opportunities

TPT International School also offers flexible academic options for students who are taking a gap year before starting university.

Whether the student wants to explore specific academic interests, improve their transcript, learn a new language, or maintain eligibility for university sports programs, our platform provides structured, accredited coursework that can enhance a gap year experience.

Students may enroll in individual subjects, complete additional high school credits, or take dual enrollment college courses through our university partners. These options are designed to ensure students remain engaged, build their academic profile, and transition smoothly into university life.

University of South Florida – Dual Enrollment Program

Through our official partnership with the University of South Florida (USF), eligible high school students can enroll in university-level courses while completing their high school diploma at TPT. These credits:

- Are fully recognized by USF and transferable to many U.S. universities.
- Count toward both high school and college graduation.
- Are offered tuition-free, with no cost for instructional materials.

Students interested in this opportunity should contact our academic coordinator for eligibility criteria and application steps.

Dual Recognition with National Diplomas

TPT International School offers flexible academic planning for students who wish to:

- Earn their U.S. High School Diploma through TPT, and
- Simultaneously complete the required courses in their country to obtain the national diploma or meet local educational standards.

This option is ideal for:

- Students looking to expand their academic opportunities by meeting the requirements of two educational systems.
- Families planning to apply to both local and international universities and seeking a strong, globally recognized academic foundation.

To receive more information tailored to your country or to explore partnership opportunities with your school, please contact our admissions team.
