# BRITISH CURRICULUM COURSE CATALOGUE

## Pearson Edexcel Pathway (Years 6–13)

TPT International School offers a complete British international education pathway aligned with the Pearson Edexcel framework, leading to official International GCSE and International A Level qualifications.

Students complete their studies and sit their examinations through TPT International School, an approved Pearson Edexcel examination centre, ensuring a clear, coherent academic pathway and internationally recognised certification.

## STRUCTURE OF THE BRITISH PATHWAY

- **Year 7 / Grade 6:** Pre–Lower Secondary (Preparation Year)
- **Years 7–9:** Lower Secondary
- **Years 10–11:** International GCSE
- **Years 12–13:** International A Level

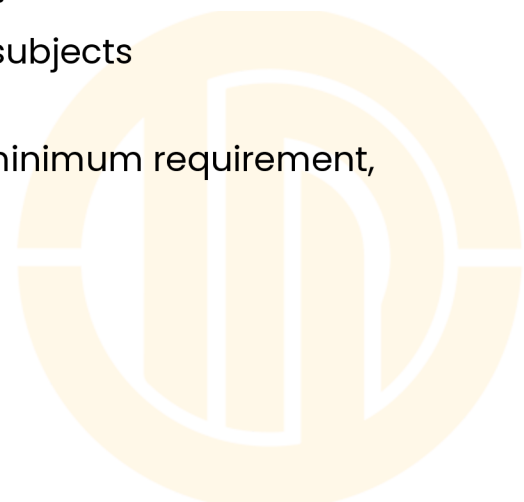

Programmes are delivered as full academic-year courses, culminating in International GCSE and International A Level examinations administered through TPT International School as an approved Pearson Edexcel examination centre.

## FULL-TIME ENROLMENT REQUIREMENTS

British pathway programmes are structured according to subject load rather than credit accumulation, in line with the UK education system.

- **Lower Secondary (Years 7–9):** Minimum of 5 subjects
- **International GCSE (Years 10–11):** Minimum of 5 subjects
- **International A Levels (Years 12–13):** Minimum of 3 subjects

Students may enrol in additional subjects beyond the minimum requirement, subject to academic suitability and approval.

# STAGE 1: PRE-LOWER SECONDARY (YEAR 7 / GRADE 6)

**Purpose:** Academic preparation for progression into the British Lower Secondary stage.

## Core Subjects

- English Language
- Mathematics
- General Science
- Humanities (Geography & History)

## Enrichment & Skills

- Modern Foreign Language (Introductory Level)
- Digital Literacy
- Physical Education & Wellbeing

**Assessment:** Based on internal evaluations, including coursework and progress assessments.

## **STAGE 2: LOWER SECONDARY (YEARS 7–9)**

**Purpose:** Development of core academic skills and preparation for progression into International GCSE programmes.

### **Core Subjects (Years 7–9)**

- English Language
- Mathematics
- General Science

### **Humanities**

- Geography
- History

### **Languages & Enrichment**

- Modern Foreign Language (Continuing)
- Digital Literacy / Computing
- Art & Music
- Physical Education & Wellbeing (optional but recommended to add for consistency with Stage 1)

**Assessment:** Based on continuous internal evaluations, including coursework and progress assessments.

This stage builds the academic foundation required for a successful transition into the International GCSE programme.

## **STAGE 3: INTERNATIONAL GCSE (YEARS 10–11)**

**Purpose:** Preparation for externally assessed, internationally recognised qualifications through the Pearson Edexcel International GCSE framework.

### **Core iGCSE Subjects**

- International GCSE English Language
- International GCSE Mathematics
- International GCSE Biology or International GCSE Combined Science

### **Additional iGCSE Options**

- International GCSE Business
- International GCSE Chemistry
- International GCSE Physics
- International GCSE Modern Foreign Language
- International GCSE Computer Science / Information Technology

### **Assessment:**

- Coursework and internal assessment
- Mock examinations
- Official Pearson Edexcel International GCSE examinations administered through TPT International School as an approved examination centre (Year 11)

Students typically study 5–7 International GCSE subjects, depending on their academic pathway and future goals.

## **STAGE 4: INTERNATIONAL A LEVEL (YEARS 12–13)**

**Purpose:** Advanced academic study, subject specialization, and preparation for direct entry into international universities.

### **Available International A Level Subjects**

- International A Level Mathematics
- International A Level Biology
- International A Level English Language
- International A Level Business
- International A Level Psychology
- International A Level Economics

Students typically study three A Level subjects, with the option to take a fourth subject, subject to academic approval.

### **Extended Project Qualification (EPQ)**

An independent research project that develops critical thinking, research, and academic writing skills. Highly valued by universities in the UK and internationally.

### **Assessment:**

- Internal assessments and mock exams
- Official Pearson Edexcel International A Level examinations are administered through TPT International School as an approved examination centre.

These qualifications are internationally recognised and accepted by universities worldwide.

# ASSESSMENT & REPORTING

- Continuous assessment throughout the academic year, including coursework and progress evaluations
- Formal academic progress reports
- Mock examinations in exam years
- Official Pearson Edexcel results and certification

# EXTERNAL EXAMINATION FEES

Tuition covers academic instruction and preparation for examinations.

International GCSE and International A Level examinations are administered through TPT International School as an approved Pearson Edexcel examination centre

Examination fees are charged separately in examination years and cover Pearson registration, administration, and certification costs.

- **International GCSE:** per subject (exam year)
- **International A Level:** per subject (exam year)

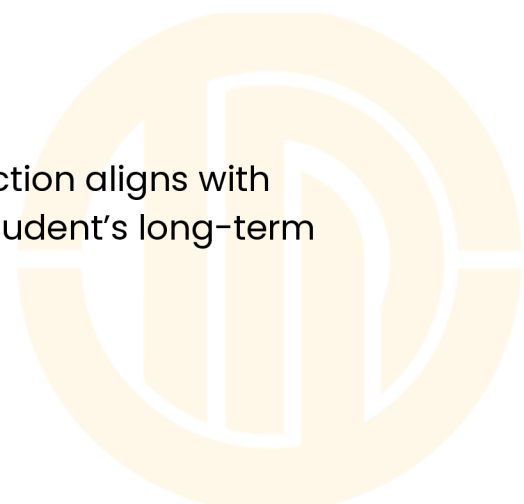

Fees are invoiced once exam entries are confirmed.

# UNIVERSITY PROGRESSION

Graduates of the British pathway are prepared for entry to:

- Universities in the United Kingdom
- Universities in the United States
- Universities in Europe and Asia
- International universities worldwide

Academic guidance is provided to ensure subject selection aligns with university entrance requirements and supports each student's long-term academic goals.

## **DELIVERY MODEL**

- Full academic-year online programmes aligned with Pearson Edexcel curriculum standards
- Instruction delivered by qualified and experienced subject specialists
- A structured virtual learning environment combining guided independent learning with structured teacher-led instruction
- Regular live teaching sessions and interactive tutorials to support academic progress and examination preparation
- Ongoing academic advising and dedicated student support throughout the academic year
